

January 31, 2017

Dear Axiom Aviation,

SkyWest Airlines is excited to provide a more streamlined and efficient pathway for your students to transition into a flying career at SkyWest through our cadet program. We look forward to this new partnership!

**SkyWest Pilot Pathway Program:**

As a partner with SkyWest Airlines, your students who meet the requirements may apply to become a pilot cadet through our Pilot Pathway Program at [www.skywest.com/pilot-pathway](http://www.skywest.com/pilot-pathway). If selected, students will receive unmatched opportunities to interact with SkyWest pilots, and they'll gain experience that will help them as they transition to becoming a commercial pilot.

**Additional Benefits:**

SkyWest pilot cadets enjoy:

- Increased seniority within their ground school class.
- An employee number at SkyWest Airlines and credit for time as a cadet for the purposes of benefit eligibility and company seniority.
- Opportunities to interact with and receive mentorship from SkyWest pilots.
- Leisure travel privileges at the time the cadet has met minimum qualifications to become a first officer and within 30 days of starting SkyWest ground school.
- A guaranteed final interview for a first officer position at SkyWest Airlines.

SkyWest also looks forward to participating in career fairs and hiring events at Axiom Aviation and working with your students to provide on-campus interviews and presentations. The frequency and depth of investment from SkyWest is largely contingent upon Axiom Aviation's objectives and the operational needs of SkyWest Airlines.

We're excited to collaborate with you on any announcement, promotion or marketing materials of our partnership and this program. Please connect with our corporate communications team prior to initial announcement of our partnership at [corporate.communications@skywest.com](mailto:corporate.communications@skywest.com). Note that any use of our logo or related proprietary information must receive written approval through our Marketing Department. Our in-house teams are also available to help review, create and/or distribute any other information you would like to share about SkyWest with your students.

A member of our recruitment team will be following up with you shortly to ensure receipt of this letter and to discuss how we may best optimize our relationship in the future.

Thank you,

Jaime Sorensen
